Nashik

Education

TS

tapstart.com

one of the initial recruits
developed the flow for
assessing the user's
skills via independent
assessments

shopmonk.com

worked on developing the
website from scratch on
new platform
built 3rd party and server
side integrations

Experience

S

Shaw Academy

Designed and built test driven
API infrastructure
Created Talend jobs to sync
data across the system and
migrate data from old MySQL
to new MongoDB

Advanced

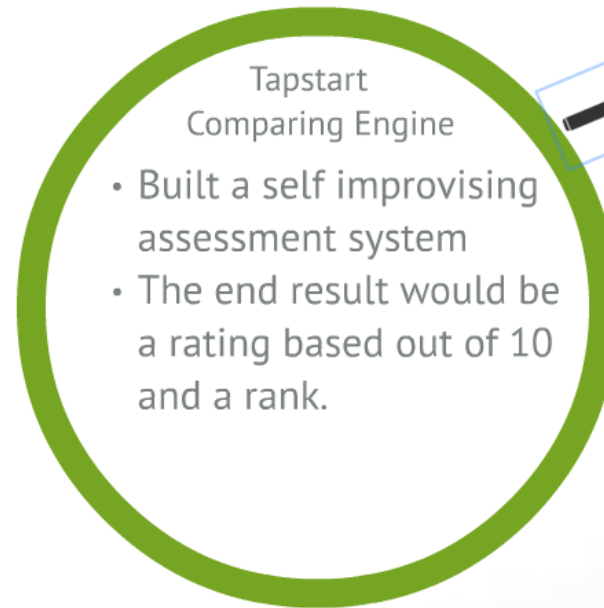

- PHP
- Laravel
- CodeIgniter
- MySQL
- MongoDB
- JavaScript/JQuery
- CSS

Intermediate

- AngularJS
- Talend
- Gravity
- AWS/Google Cloud
- MeteorJS
- JAVA
- Salesforce

Skills

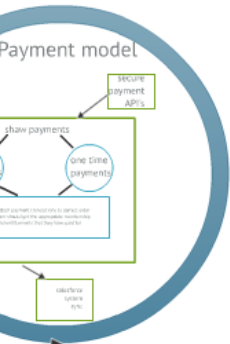

Interesting Projects

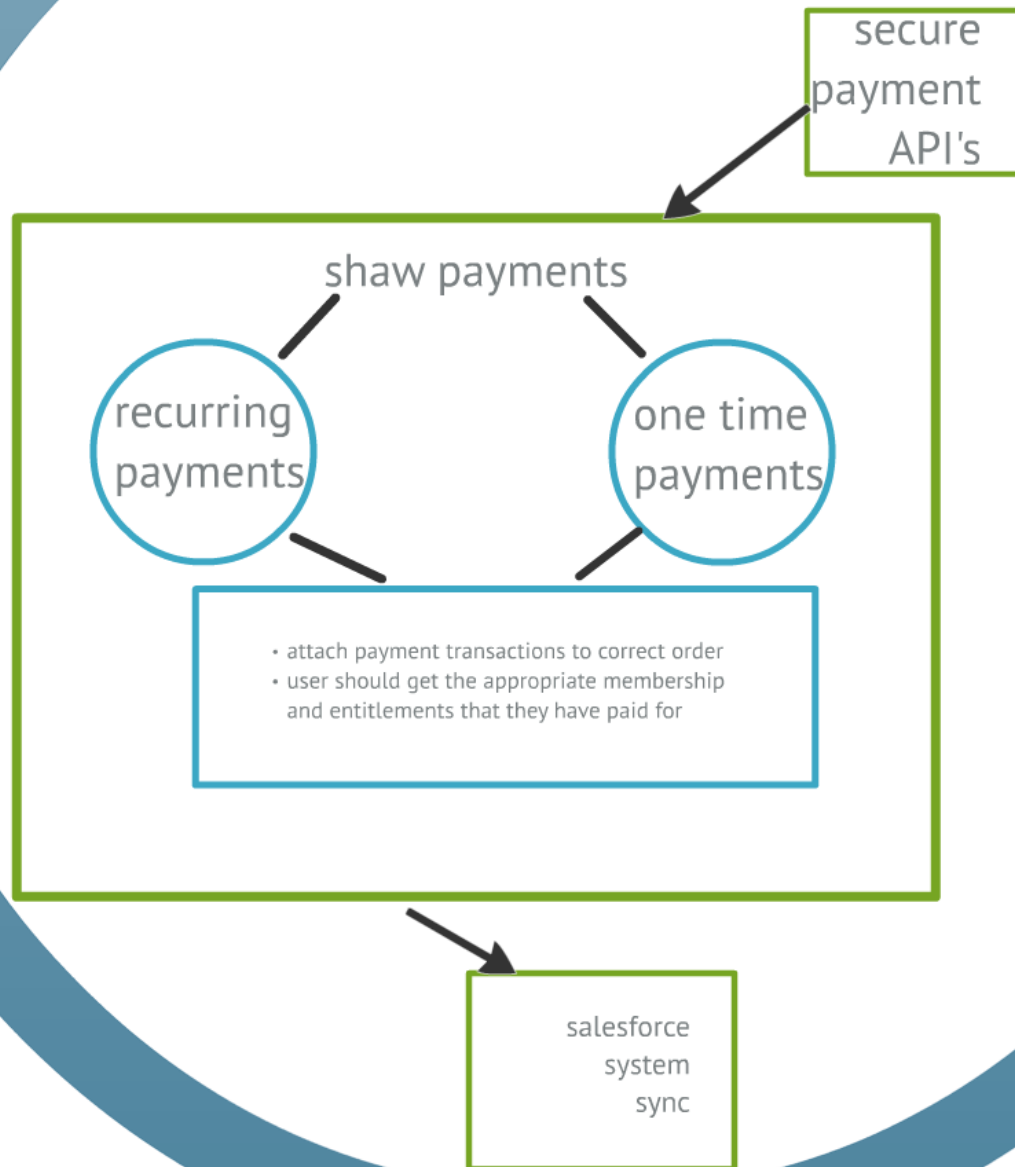

In

Shaw Academy Payments system Integration

- Extremely critical and important
- designed the system right from the architectural level
- implemented subscription and one time payment in one system

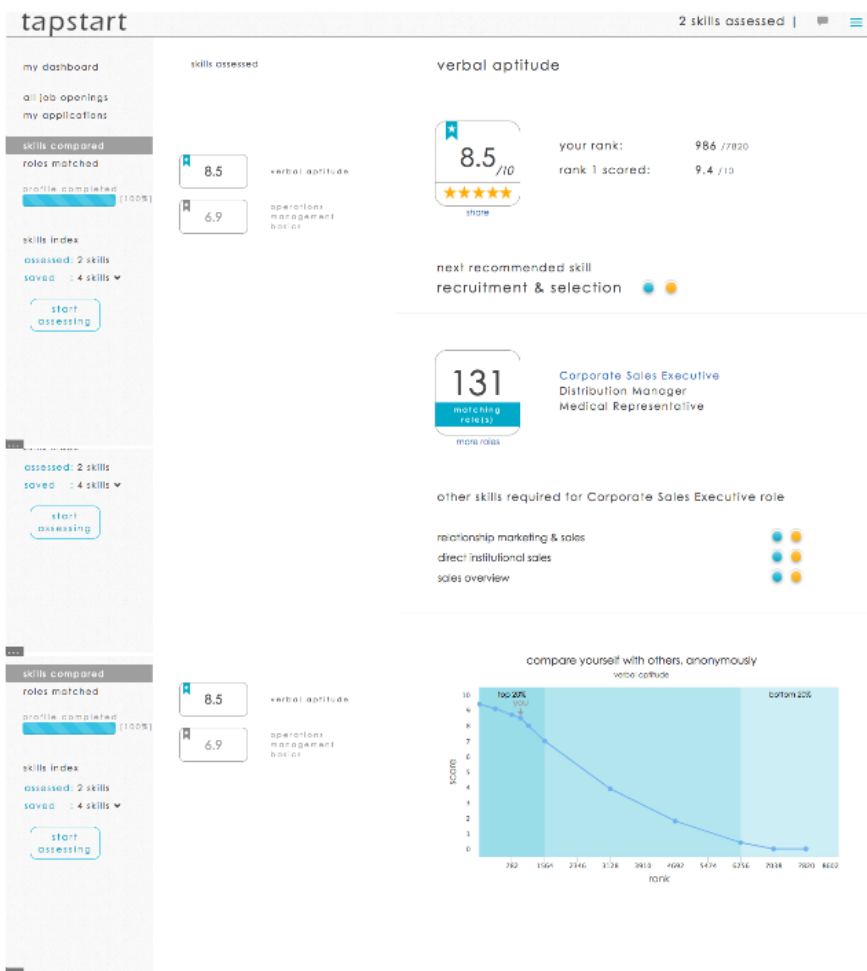

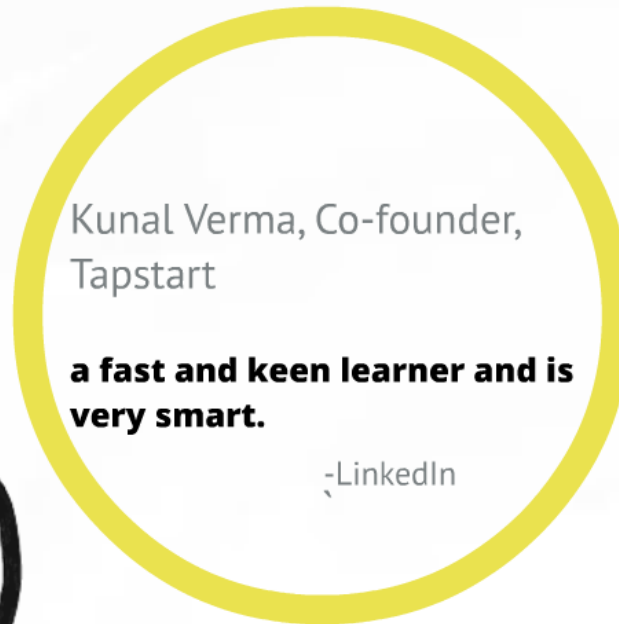

Payment model

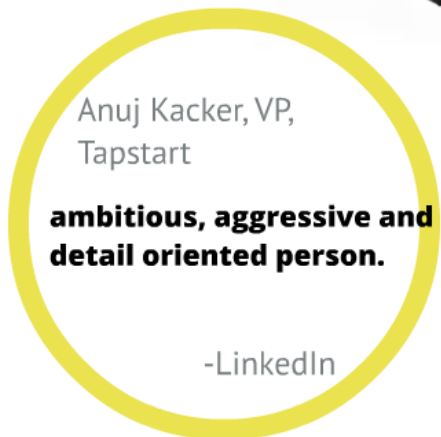

Tapstart Comparing Engine

- Built a self improvising assessment system
- The end result would be a rating based out of 10 and a rank.

words from people I have worked with....
